President's Message

Dear Alumni Community,

Some months back a tweet from the United States Secretary of State Anthony Blinken caught my eye. Secretary Blinken tweeted: "Studying abroad as a teenager helped me to see my own country through others' eyes - a perspective I carry to this day. International Education is a crucial part of our diplomacy and national security. It is also a transformational experience."

This is a perspective that will resonate with many Woodstock alumni, whether they are alumni from North America who had the privilege of studying at Woodstock, or alumni from India who went on to college in North America. Over the past decade, more than half of the graduating seniors from Woodstock have gone on for college in North America. A great many have stayed on to build careers, providing renewable energy to the FWS North America alumni community.

In May 2023 I attended the graduation ceremony of Woodstock's Class of 2023. I was struck by how confident and well prepared these students seemed to be. Woodstock continues to turn out batch after batch of remarkable young global citizens, ready to thrive in whatever corner of the world they land.

This was the first time I had been to a graduation ceremony at Woodstock since my own in 1973, 50 years ago. My graduation, from a class of about 45 seniors, was held in Parker Hall. The 2023 ceremony, for a class of about 90 seniors, was held in the larger Mumby Gym. Mumby Gym today is a terrific venue for sporting events and large assemblies of the school community. It was renovated over a decade ago with assistance from FWS.

FWS continues to provide significant assistance to Woodstock. Over the past 5 years FWS has helped Woodstock (i) construct the new Centre For Imagination, which was built on the old Tafton site, (ii) remodel dozens of classrooms, and (iii) completely renovate and update Woodstock's science labs. If you go back to visit, you will be amazed at the upgrades to the campus infrastructure.

However, one central part of the high school that has been crying out for attention and renovation is Parker Hall. Parker Hall hasn't changed in 50 years. Woodstock now has detailed plans to renovate this hallowed space over the next 3-5 years, but the timing to complete this project will be subject to financial support from classes, individual alumni, and FWS.

Based on goals and priorities articulated by Woodstock, and feedback received from our North America alumni community, we expect support from FWS to Woodstock to be focused on three primary areas during the next 3-5 years: (i) the renovation of Parker Hall, (ii) providing scholarship aid for current students, and (iii) helping Woodstock build its scholarship endowment fund for the future.

FWS will work with Woodstock on these priorities, but we want you to know that none of the grants we make to Woodstock would be possible without your interest, commitment, and generous support. If you would like to know more about any of these key areas of focus, please contact David or Connie Wheeler at our Freeland, VA office or reach out to any of the FWS Board members. We would be glad to speak with you about any of these programs and projects.

David and Connie Wheeler and those of us on the FWS Board look forward to catching up with many of you at our next FWS / WOSA Reunion, which we are planning to hold in person in Tempe, Arizona over a 3-day weekend from October 27th -30th, 2023. This will be our first in-person reunion since our gathering in Tampa, Florida in January 2020. We are excited to get together again after a three-year pause!

As always, the FWS Board thanks you for your past and continuing support, and would like to hear your ideas and suggestions of ways in which you would like to help us grow as an organization. FWS is committed to serving its members and supporting the school's strategic goals. Have a great year in 2023-2024, and know that Woodstock keeps churning out amazing alumni that are just as unique and interesting as you!

Bruce Davis, '73

President, Friends of Woodstock School

Message from the Friends of Woodstock School Foundation Office

As COVID and its variants continued to impact us all in 2021 – 2022, our FWS office remained open, Woodstock shined, and your support was steadfast. We can never thank you enough, and your collaboration with FWS, as always, remains our inspiration.

You heard from us through individual emails, large MailChimp email blasts, Facebook posts, and ever-present Zoom meetings. Our Annual Meeting and Reunion went virtual in 2021 and 2022. Both virtual years were a huge success with exciting daily programs and participants from around the world.

And don't forget, we will be in-person for 2023! *Reconnect and Renew* is our theme and Tempe, Arizona is the location, October 27 – 30, 2023. 2024's Annual Meeting and Reunion plans are now underway for the YMCA of the Rockies – Estes Park Center in Colorado, June 14 – 16, 2024.

Thank you letters, holiday cards, and all the ways that connect you to us and to Woodstock remained unchanged and a steady part of what we do at the office. David consistently manages the accounting,

grants to Woodstock, secured online donations, contracts, agreements, and stands solidly alongside FWS' Board and Officers, Alumni Committee, Finance Committee, and Scholarship Committee. Connie manages FWS communications, the website's content updates, database management, email blasts, FWS Facebook, Board meeting materials, annual reports, reunions and gatherings assistance and associated materials, and any sort of outreach to help stay in touch with you.

Once again, we want to share what we've been doing from July 1, 2021 through June 30, 2022 - the scope of this Annual Report.

Members of the Lyre Tree Society

The Lyre Tree Society recognizes individuals who have made charitable provisions for Friends of Woodstock School in its support of Woodstock School, through a bequest in their will, establishing a gift annuity, or designating Friends of Woodstock School as the beneficiary of a life insurance policy. Their legacies are the source of endowments that will support future generations of students and faculty at Woodstock School.

PROGRAM HIGHLIGHTS 2021 – 2022

You have kept FWS and Woodstock School moving forward with your kindness, gifts, support, and concern for each other in spite of a pandemic that continued to re-invent itself.

The 2022 Virtual Annual Meeting and Virtual Reunion

2022 again kept us physically apart, but we had a quorum and lively discussion during our 2022 Annual Members Meeting, and the three-day Reunion brought 900-plus people joining us on Zoom from all parts of the globe. The theme? Yesterday, Today, and Tomorrow. Three days of beautiful pre-recorded sessions (opening with an unforgettable drone video through Mussoorie, arriving at Woodstock's gate), spirited interactive panels, chat lobbies ... everyone had a wonderful time. If you weren't with us each day, we hope you had a chance to see these programs which were saved and converted to recordings after the Reunion. NONE of this would have been possible without the hard work of the Planning Committee, this year led by Kim Brenneman '79. The 2021 reunion website built by David Shastry '09 was used again for 2022. Video assistance and technical and media input from Aditya Manral,

Woodstock Alumni Coordinator, Katie Jo Walter, Woodstock Director of Advancement and Alumni Relations, and so many others brought it all to life.

Our immense thanks to the whole Planning Committee who met every Saturday morning for months to bring this reunion together.

Cheers to this terrific committee!

TREASURER'S REPORT

The worst of COVID is now behind us for which we are all grateful. But last year at this time things were only just starting to look hopeful. However, there is no question that COVID impacted all of us financially and it most certainly impacted the market. As of now the market has not fully recovered to its previous level but it appears to be on its way to recovery. This impacts FWS since we have something over \$5 million dollars in the market. In spite of all of this, we had a stellar year. YOU – alumni, staff and friends – donated \$727,524 to FWS.

Combining your gifts with funds earned in the market, Woodstock received just over a million dollars in grants from FWS in this fiscal year. The bulk of this went to the renovation of the Science wing while also, in part, funding several classroom renovations, helping fund a new Internship Program at the Hanifi Center, as well as funding for the Artist Residency Program at the Centre for Imagination. Further, your gifts helped the Woodstock Employees Children's Education Fund. In the area of scholarships, grants of \$60,199 were made for students who would otherwise not be able to attend Woodstock and an additional \$62,084 were made to Woodstock graduates attending universities in North America.

Where does all this money come from? From several sources.

One source of income that I have mentioned already is YOU, while the second source of income is what we make (most of the time!) in the market with help and oversight of Alliance Bernstein. The \$5 million we have in the market consists of \$1 million in the FWS Legacy Endowment Fund, \$2 million in Undesignated Funds and \$2 million in our named Scholarship Endowment Funds. Net investment income is used, in part, to fund scholarships from our 10 named Scholarship Funds, fund grants to Woodstock School and Kaplani School, and to cover administrative, program and fundraising expenses. As you might imagine someone needs to track everything that comes in and everything that goes out. And that person is David Wheeler who has been doing this for more than 20 years now. The FWS Finance Committee is composed of Steve Van Rooy, David Shastri, David Wheeler, Amit Lalvani, and Jonlyn Freeman. Bruce Davis, FWS President, who, although not technically a member, is always invited and welcome to join our meetings. One thing the Finance Committee does is to keep an eye on our investments. We also process all grant and scholarship applications and pass them on with our recommendation to the Board. We meet three to four times a year, often several weeks before the FWS Board meetings. We as a committee are indebted to David Wheeler for the meticulous way he keeps the books and I am indebted to the time and talent of the members of the Finance Committee.

I continue to be shocked and awed by the generosity of the FWS community. Lots of successful companies tout their "secret ingredient." FWS has a not-so-secret ingredient. YOU.

Respectfully submitted,
